

Chase Office Interiors - Furniture Supply Arrangements

A supply arrangement is a method of supply used by Public Works and Government Services Canada (PWGSC) to procure goods and services. They allow client departments to solicit bids from a pool of pre-qualified suppliers for specific requirements through 2 different streams of procurement; the "General Stream" or the "Aboriginal Stream" called the Procurement Strategy for Aboriginal Business (PSAB) initiative. Chase Office Interiors is a nationally approved Aboriginal supplier under the PSAB program.

General Stream

Through partnerships with its vendors, Chase Office Interiors is an approved supplier for the following General Stream Supply Arrangements;

Aboriginal Stream - Procurement Strategy for Aboriginal Business (PSAB)

The PSAB initiative (established in 1996) aims to increase federal contracting opportunities and to gain access to the overall federal procurement process for Aboriginal businesses. Chase Office Interiors' Supply Arrangements offer the same products at the same prices as our vendors under the General Stream, so there is no cost premium to utilize the PSAB initiative. Our Supply Arrangements are as follows;

Seating Supply Arrangement:

E60PQ 120001/029/PQ

Workspaces Supply Arrangement:

E60PQ-140003/003/PQ
